# SPORTS PREMIUM SPENDING PLAN 2021 – 2022

This document shows our spending plan for the Sports Premium Grant for the 2021 – 2022 academic year.

**Grant due to receive - £22,250**

**What is the Sports Premium?**

The Government has provided funding to schools to make **additional and sustainable** improvements to the quality of PE and sport they offer. This means that you should use the Primary PE and Sport Premium to:

- develop or add to the PE and sport activities that your school already offers
- build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years

We are required to publish details of how we spend this funding as well as on the impact it has on pupils' PE and sport participation and attainment.

We use these 5 key indicators to demonstrate an improvement in the provision we provide for the teaching of P.E. in our school:

| Category | Indicators |
|---|---|
| **1** | The engagement of all pupils in regular physical activity – Chief Medical Officer guidelines recommend that primary school children undertake at least 30 minutes of physical activity a day in school |
| **2** | The profile of PE and sport being raised across the school as a tool for whole school improvement |
| **3** | Increased confidence, knowledge and skills of all staff in teaching PE and sport |
| **4** | Broader experience of a range of sports and activities offered to all pupils |
| **5** | Increased participation in competitive sport |
| **SC** | Swimming Competence |

In 2021 – 2022, we plan to use the Sports Premium Grant to fund a range of activities and resources for children to enhance Physical Education at Collis Primary School.
