Year 2: How can we design and make an Antarctic animal puppet?

Subject Specific Vocabulary	
purpose	The role or use of the completed item being designed and made.
seam	Where pieces of fabric are joined together.
template	A cut-out shape that is drawn round to transfer a shape to a piece of material.
evaluate	Deciding whether something was done in the best way and how it could be improved.
overstitch	Stitches that pass over the material edge to join pieces together.
running stitch	A basic simple straight stitch to join pieces of fabric together.

Template

Hand Puppet

Sticky Knowledge

To know that fabric can be joined by oversewing, gluing, stapling or pinning.

To be able to cut fabric to the right size by:

1. Sticking a template on the fabric using tape or by pinning.
2. Drawing around a template using chalk or white pencil.
