What we talked about:
We had an exciting discussion about ideas for the new playground mound!

- Most children liked the first option (of four) the best.
- The children suggested having softer, cleaner flooring to make the mound safer and more enjoyable to play on.

Next steps:

- We will ask for some official plans to be created for the mound.
- Once we have the plans, the School Council will look at them and decide on the next steps and which design they like best.

Next meeting:

- Date: Friday, 13th December 2024
- Focus: Feedback on the things Collis is doing really well.

End of meeting: 12:20

Thank you, everyone, for your brilliant ideas and suggestions!
