School Council Meeting – Friday 7th October 2022

Present: Kevin Hogston (Chairperson)
School Council (25 pupils) – 5M on school trip

Mr Hogston welcomed the new School Council for the 2022-2023 academic year.

The children introduced themselves.

Mr Hogston then discussed with them the role of the School Council and explained that their aim is to make Collis a better place. School Councillors are the voice for their class in relaying anything their classmates might what to feedback – positive or developmental. The School Council members should ask for time during their class Circle Time or PSHE lesson for their classmates to raise any items.

School Council could also be called upon to direct parents and visitors at school events e.g. exhibitions. There may also be the opportunity to undertake special visits with Mr Hogston.

Badges were handed to each member of the School Council. These should be worn on sweatshirt/polo.

School Council will be introduced to the rest of the school in assembly on Friday 14th October.

Next meeting: Children to share feedback from class – positive or developmental.
